REVENUE MIX BY CATEGORY (FY24)

AVG DISCOUNT BY CHANNEL

Electronics is 76% of revenue but earns only 16% margin. *Distributor* discounts rose from 8.8% to 12.4%.

PROFITAbBILITY BY REGION (FY24)

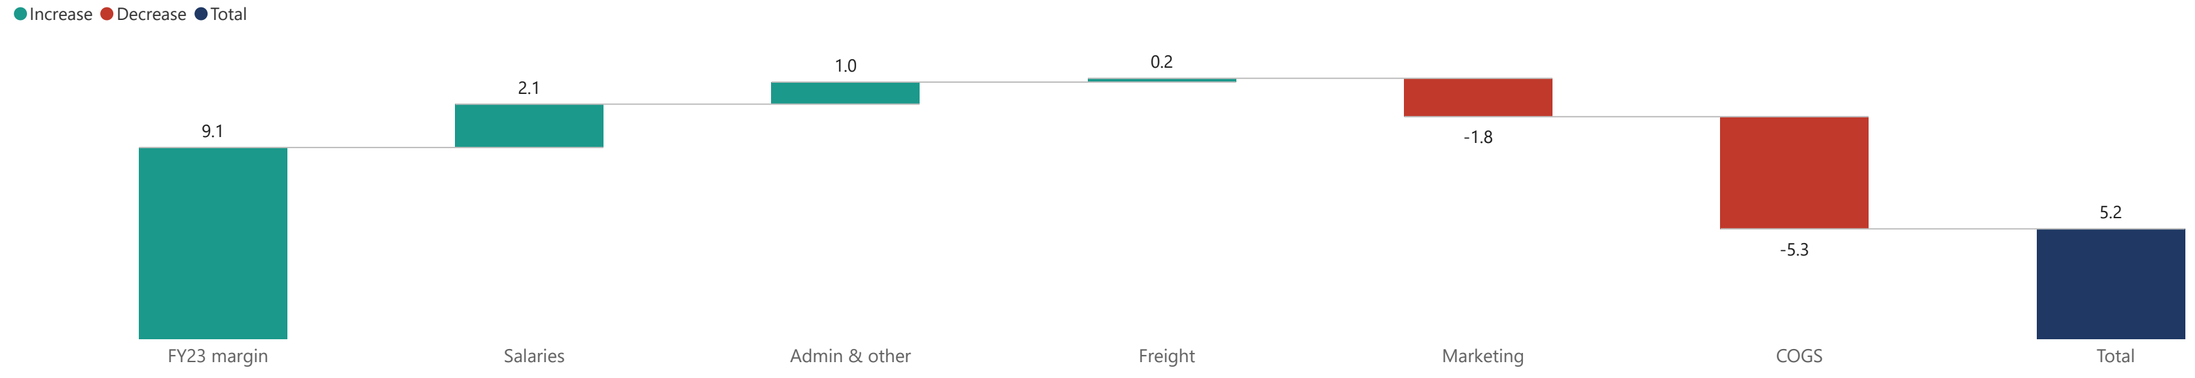

region	Gross Margin %	Avg Discount %	Freight % Rev	Contribution Margin %
West	25.5%	7.6%	5.1%	20.4%
South	25.0%	7.6%	4.9%	20.1%
North	24.7%	7.6%	3.7%	21.0%
East	24.4%	7.7%	3.6%	20.8%

All four regions earn about 20%, and freight stays near 5% of revenue: the issue is what we sell and at what discount, not where.

OPERATING MARGIN BRIDGE FY23 → FY24 (PP)

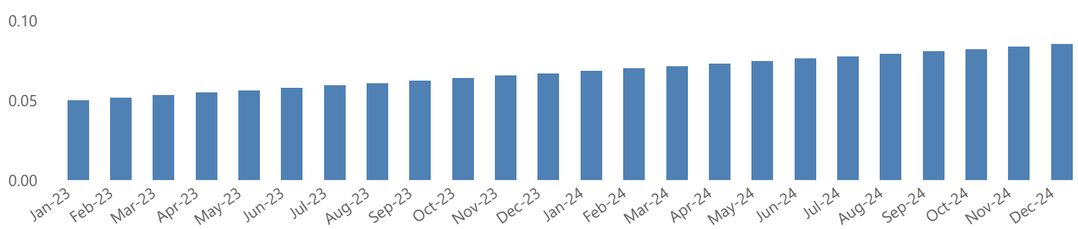

COGS is the largest leak (-5.3 pp), followed by marketing (-1.8 pp). Lower salary and admin ratios gave back 3.1 pp. Freight is not a cause.

DISTRIBUTOR DISCOUNT % (MONTHLY)

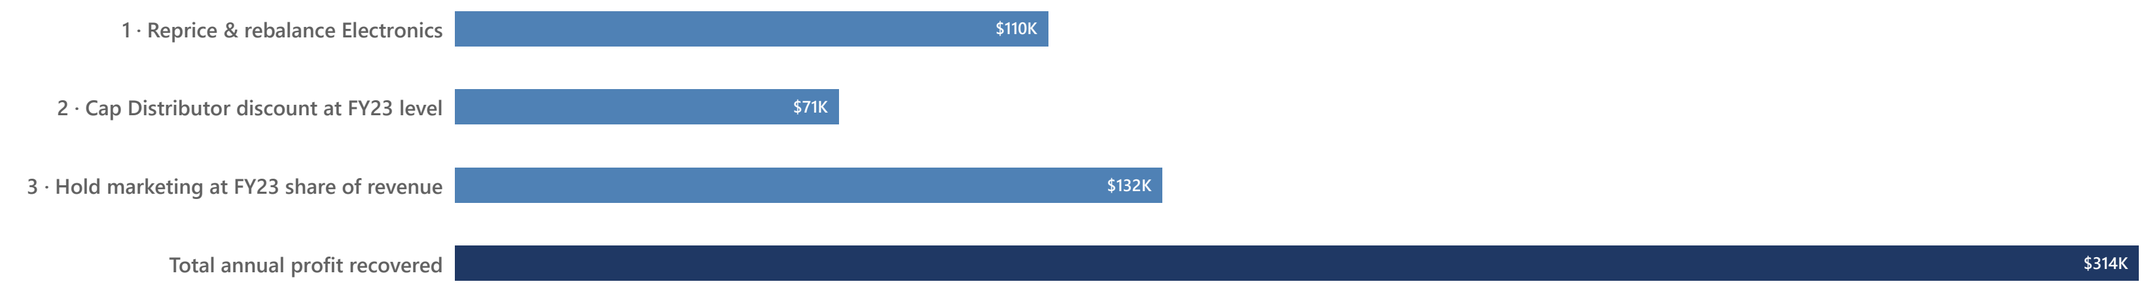

Both rose steadily through FY24 with no spending control.

MARKETING % OF REVENUE

RECOMMENDATION: THREE ACTIONS

The three actions recover about $314K a year and lift operating margin from 5.2% to about 9.5%, back to the FY23 level.
